**Soaring**  
*David Duncan*

**Verse 1:**  
Do you ever feel discouraged?  
Often wondering which way to turn  
Like a boat without an anchor  
Drifting aimlessly along

Like a flower in the desert  
That is longing for the rain  
Sometimes my friend  
This life can bring  
Heartache and pain

**Pre-Chorus 1:**  
Let the God of grace surround you  
If you ask you will receive

God found me there  
Lost in despair  
Lifted me up

**Chorus 1:**  
Now I'm soaring  
Floating on the winds of grace  
Gliding over time and space  
I'm flying  
Over hills and mountains high  
You carry me to signify  
That you alone are God Most High  
Your love has set me free

**Bridge:**  
I'm gonna try  
I'm risin' high  
I'm gonna fly  
No more regret  
My sails are set  
He is mine and I am His  
I know who my pilot is

**Chorus 3:** *(same as Chorus 1)*

**Verse 2:**  
If the future feels uncertain  
And your friends are walking out the door  
There is one who'll never leave you  
You're the one He's waiting for

**Pre-Chorus 2:** *(same as Pre-Chorus 1)*

**Chorus 2:**  
Now I'm soaring
