BACKGROUND

The Journey

The proposal presented in this resolution is the result of several years of work by the Governance Committee of the General Board, in what became known as the Covenant Project. When Governance Committee of the General Board met in retreat in the fall of 2019, they committed to the work of aligning the Design of the Christian Church (Disciples of Christ) with God’s design for the church, and to claim the power and potential of covenant. To that end, the committee took two important steps: the first was the development of the Covenant Conversations Curriculum, a small group resource for congregations to explore their identity as covenantal partners in the wider church. The second was a process of a review of the Design, with an aim to explore how the church’s structures and practices might shift to better serve the church, with two main areas of focus. The first area of evaluation was the General Assembly, which refers to not just a gathering but the governing body of the Christian Church (Disciples of Christ) in the United States and Canada. The second area of evaluation was centered around the General Board.

In the fall of 2020, The Governance Committee presented to the Administrative Committee a framework of possible changes to The Design. Those changes were also reviewed by groups of church leaders including the General Cabinet and the College of Regional Ministers. In April 2021, a refined framework was presented to the General Board for review and comment.

One year later, at the 2022 General Board meeting, the Governance Committee again presented a further refined framework and proposed changes for the Board to engage in discernment, dialogue, and prayer.

In the summer and fall of 2022, clergy, congregations and leadership across the church were invited to attend a series of digital and in person town hall-style listening sessions. Hundreds of Disciples participated in dozens of these sessions and their feedback helped to affirm the work of the Governance Committee and fine-tune the recommendations for the proposed changes.

In our aspirations of and commitment to being a movement for wholeness, conversations and questions around this topic (particularly the role and make up of the General Board) is not new. Resolutions came to the General Assembly in 1997 and 2005 and were close to passing but ultimately failed. Conversations around Mission First! that the General Assembly adopted in 2015 had a board restructure component that helped inform and empower the Governance Committee of the General Board to move forward in imagining a structure that serves and enhances the mission, purpose,
and identity of the Christian Church (Disciples of Christ) in the United States and Canada. While these changes were not implemented, they laid the groundwork for the work before us now.

Proposed Changes

The proposed changes call for the General Assembly to meet more often during a three-year cycle. Every three years, there will be a hybrid meeting, with opportunities for participation in person and online; in the other two years of the cycle, the Assembly will meet in online-only gatherings. This change will allow more people to participate in the General Assembly and engage in a variety of ways. Under the new General Assembly model, congregations will appoint three representatives to serve three-year terms. Representatives to the General Assembly will shift the focus of their work from primarily voting on resolutions to engaging in dialogue, discernment, and prayer with increased frequency. With more regular meetings and dialogue, representatives will provide feedback from their congregational and Regional circles about the priorities of the church to the General Board. The new model, along with different meeting formats, will increase the number of voices from across the church who will be engaged in this work, particularly including those who have not always had access to decision-making structures. Congregational representatives will serve three-year staggered terms, with one representative being new each year. This model provides continuity of participation in the General Assembly meetings while developing new leaders.

The proposal also calls for changes to the General Board. Currently, the General Board consists of representatives chosen from each of the general and regional ministries, the executive leaders of each of those ministries, at-large members selected by the General Nominating Committee, ecumenical representatives and representatives from colleges and universities, along with the elected officers of the General Assembly. In the new model, the General Board will become a working board that meets more often than once a year. Members will serve on one of three committees: Mission, Finance, and Executive. Committees will meet and work together on an ongoing, regular basis. The General Board will be reduced in size. Rather than the board having representatives from regions and general ministries, board members would be mostly at-large and selected by the General Nominating Committee for essential skills and experience, while also reflecting the diversity of the church.

The General Board will receive missional priorities from the congregational representatives who are gathering for dialogue and discernment through more frequent General Assemblies. The General Board will also act on behalf of the church in making statements of social witness following the church’s engagement at General Assemblies, establishing mission priorities, acting on policies and procedures as needed,
maintaining 501(c)3 status, recommending changes to The Design and approving regional boundary changes. Stewardship will become a core responsibility of the General Board, which would regularly evaluate, revise and improve the church-wide funding system.

The Way Ahead

If adopted, the proposed changes to the Design of the Christian Church (Disciples of Christ) in the United States and Canada will be implemented following the conclusion of the 2025 General Assembly. The General Assembly Committee (informally known as the Time and Place Committee), will begin planning for an in-person Assembly to be held in 2028. The Moderator of the General Assembly will appoint an Implementation Team which will begin their work as soon as possible.²

Purpose

The Implementation Team will work to assist the General Board to put into effect the changes proposed in GA-2343.

Accountability

The Implementation Team is accountable to the Administrative Committee of the General Board. The Implementation Team members and members of any special task groups may or may not be members of the General Board.

Membership

The Implementation Team will include a minimum of seven individuals recruited for the skills they bring to complete the work described above, with a commitment to the wide diversity of the church. Composition of the team will be communicated to the General Board and the wider church.

The Implementation Team will have authority to enlist the help of individuals to serve on a short-term basis or in longer-term task groups, taking advantage of the covenant-commitment, talent, and wisdom from the wider church.

Scope of Work

The Implementation Team will collaborate closely with the Governance Committee of the General Board which is responsible for recommending revisions to the Special Rules of the General Assembly and the Standing Rules of the General Board to accommodate the changes necessary after the approval of GA-2343. The Implementation Team will meet as necessary to do its work prior to the General Assembly in 2025, consulting with the regional ministers, general ministry leaders, and other church leaders for input and collaboration.

² The Standing Rules of the General Board 10.1, 10.2, and 10.6
The Implementation Team will work closely with the Office of the General Minister and President and other leaders to develop a plan for implementing the proposed changes, including recommendations for sufficient funding and staffing resources. The Implementation Team will report regularly to the Administrative Committee and the General Board, which will have the authority to make decisions on behalf of the General Assembly as needed to begin implementing the changes.

The Governance Committee will continue working, in close collaboration with the Implementation Team, to revise governing documents, such as the Standing Rules for the General Board, as appropriate to implement the changes.\footnote{The Standing Rules of the General Board 6.2.5.}

The General Board recommends that the General Assembly ADOPT GA-2343. (Discussion Time: 48 minutes)

THE DESIGN OF THE CHRISTIAN CHURCH (DISCIPLES OF CHRIST)

PREAMBLE

As members of the Christian Church,

We confess that Jesus is the Christ,

the Son of the living God,

and proclaim him Lord and Savior of the world.

In Christ's name and by his grace

we accept our mission of witness

and service to all people.

We rejoice in God,

maker of heaven and earth,

and in God's covenant of love

which binds us to God and to one another.

Through baptism into Christ

we enter into newness of life

and are made one with the whole people of God.

In the communion of the Holy Spirit

we are joined together in discipleship

and in obedience to Christ.

At the Table of the Lord

we celebrate with thanksgiving

the saving acts and presence of Christ.

Within the universal church

we receive the gift of ministry

and the light of scripture.

In the bonds of Christian faith

we yield ourselves to God

that we may serve the One

whose kingdom has no end.

Blessing, glory, and honor

be to God forever. Amen.
1. Within the whole family of God on earth, the church appears wherever believers in Jesus the Christ are gathered in His name. Transcending all barriers within the human family, the one church manifests itself in ordered communities bound together for worship, fellowship, and service; in varied structures for mission, witness, and mutual accountability; and for the nurture and renewal of its members. The nature of the church, given by Christ, remains constant through the generations, yet in faithfulness to its nature, it continues to discern God's vision and to adapt its mission and structures to the needs of a changing world. All dominion in the church belongs to Jesus, its Lord and head, and any exercise of authority in the church on earth stands under His judgment.

2. Within the universal Body of Christ, the Christian Church (Disciples of Christ) is identifiable by its testimony, tradition, name, institutions, and relationships. Across national boundaries, this church expresses itself in covenantal relationships in congregations, regions, and general ministries of the Christian Church (Disciples of Christ), bound by God's covenant of love. Each expression is characterized by its integrity, self-governance, authority, rights, and responsibilities, yet they relate to each other in a covenantal manner, to the end that all expressions will seek God's will and be faithful to God's mission. We are committed to mutual accountability. The Christian Church (Disciples of Christ) confesses Jesus Christ as Lord and constantly seeks in all of its actions to be obedient to his authority.

3. We commit ourselves to one another and to God in adopting this Design for the Christian Church (Disciples of Christ) in order that we may faithfully express the ministry of Christ, made known through scripture; provide Christian witness, mission, evangelism, and service from our doorsteps to the ends of the earth; furnish means by which all expressions of the church may fulfill their ministries with faithful Christian stewardship; assure unity in Christ while respecting diversity; and work as partners in ecumenical and global relationships.

4. In keeping with this Design, the Christian Church (Disciples of Christ) shall establish, receive, and nurture congregational ministries; provide for regional and general ministries and such other organizations as may be required; have a General Assembly and a General Board; define policies and criteria for its Order of Ministry; develop or recognize new forms of ministries for mission and witness; maintain appropriate relationships with institutions of higher education historically related to the Christian Church (Disciples of Christ); provide appropriate consultation and procedures whereby existing organizations may make any necessary transition within the provisions of this covenant; and engage in continuing renewal, reformation, and adaptation as necessary to minister in the world.

NAME

5. The name of this body shall be the CHRISTIAN CHURCH (DISCIPLES OF CHRIST).

MEMBERSHIP AND PARTICIPATION

6. As a member of the whole Body of Christ, every person who is or shall become a member of a recognized congregation of the Christian Church (Disciples of Christ) thereby holds membership in the region in which that congregation is located and in the Christian Church (Disciples of Christ) in the United States and Canada.

7. Regions and general ministries may develop procedures of recognition whereby other persons and groups who support the purposes of the Christian Church (Disciples of Christ) can participate in regional and general work.
CONGREGATIONAL MINISTRIES

8. Congregations constitute the primary expression of the community of faith within the Christian Church (Disciples of Christ). Through congregations, individuals are brought to the saving grace of Christ, baptized into the Body of Christ, nurtured in their faith, and gather at the Lord’s Table. Joined in discipleship, congregations partner with their regions and the general ministries of the church to share the good news from their doorsteps to the ends of the earth.

RECOGNIZED CONGREGATIONS

9. All congregations listed in the latest Year Book and Directory of the Christian Church (Disciples of Christ) shall be recognized congregations of the Christian Church (Disciples of Christ). Other congregations desiring recognition and congregations desiring to withdraw from recognition in the Christian Church (Disciples of Christ) shall follow established procedures for Year Book and Directory listing. Congregations that follow the procedures for listing after the publication of the latest Year Book and Directory and that are recorded in the Year Book and Directory office shall also be recognized congregations.

a. A congregation seeking recognition takes congregational action expressing its desire and intention to be a recognized congregation of the Christian Church (Disciples of Christ) and be listed in the Year Book and Directory.

The congregation then provides its regional office with a copy of a document containing the declaration of its desire and intention to be a recognized congregation of the Christian Church (Disciples of Christ). The document may be the congregation’s charter, constitution, bylaws, or a notarized statement of the congregation’s action.

Regional endorsement of the congregation’s request for recognition and listing, attested by the regional minister, is sent to the Office of General Minister and President for filing with the Year Book and Directory.

b. Once a congregation has been listed, it can be omitted from the Year Book and Directory if:

i. The congregation has taken action to withdraw as a recognized congregation of the Christian Church (Disciples of Christ) and the Office of General Minister and President has received a notarized statement from the congregation of its action, which the regional minister has certified; or

ii. There has been no congregational activity reported in the Year Book and Directory of the Christian Church (Disciples of Christ) for a period of five (5) consecutive years and the regional minister certifies that the congregation does not participate in or contribute to area, regional or general church program(s), including participation in the Disciples Mission Fund.

iii. A congregation may also be omitted from the Year Book and Directory by action of a region if the region can demonstrate actions or statements on the part of the congregation that are deemed detrimental to the covenantal relationship with all expressions of the church. When a region takes action to omit a congregation for either of the above stated reasons, the region will send
notification of the intent to remove the congregation’s listing to the congregation via certified letter. If within thirty (30) days of the notification, the congregation makes no objection to its removal from the listing, then the removal will be final.

iv. Regardless of which entity initiates the action, reasonable attempts will be made to renew the relationship between the congregation and the region before removal is finalized. Once the removal is final, the region will notify the congregation that it has been removed from the Year Book and Directory. A congregation may appeal the region’s action in accordance with paragraphs 17 and 46-64e of this Design.

RIGHTS AND RESPONSIBILITIES

10. In adopting this Design, the Christian Church (Disciples of Christ) affirms that congregations in their freedom in Christ have both rights and responsibilities. As part of the Christian Church (Disciples of Christ), congregations share creatively in the church’s total mission of witness and service. Equally, the Christian Church (Disciples of Christ) in its general and regional ministries sustains congregations through commitment to their welfare and needs. Thus, concern for the integrity of each expression is shared and witness is given to the interrelatedness of the whole church.

11. Among the rights recognized and safeguarded to congregations are the rights to manage their affairs under the Lordship of Jesus Christ; to adopt or retain their names, corporate documents, and organization of ministry; to determine, in faithfulness to the gospel, their practices; to own, control, and encumber their property; to organize for carrying out the mission and witness of the church; to establish their budgets and financial policies; to call their ministers; and to participate through voting representatives in forming the corporate judgment of the Christian Church (Disciples of Christ).

12. Among the responsibilities by which congregations demonstrate their mutual concern for the mission and witness of the whole church are the responsibilities to proclaim the gospel and administer baptism and the Lord’s Supper; to provide for the spiritual nurture of their members and families; to grow in understanding that the church is a universal fellowship, transcending all barriers within the human family, working for reconciliation across racial and ethnic lines; to engage in evangelism; to sustain their ministers in faithfulness and honor and, in matters pertaining to relationships with them, to seek counsel from the regional minister; to be faithful in Christian stewardship, striving to share proportionately in providing the resources for the total life, work, and witness of the Christian Church (Disciples of Christ); to choose voting representatives to the General and Regional Assemblies; to share with other ministries of the church in the establishment and nurture of new congregations; and to seek to realize the oneness of the church of Jesus Christ through cooperation with other congregations and with present and emerging ecumenical structures.

13. While congregations are responsive to the needs of general and regional ministries, as established through the participation of the congregations’ representatives in the General and Regional Assemblies, all financial support of the general and regional programs of the Christian Church (Disciples of Christ) by congregations and individuals is voluntary.
REPRESENTATION IN REGIONAL AND GENERAL ASSEMBLIES

14. Congregations are represented in the General Assembly by voting representatives of their choosing. Each congregation is entitled to be represented in the General Assembly by two voting representatives, plus one additional voting representative for each 100 participating members or major fraction thereof over the first 100. These voting representatives shall be in addition to the congregation’s ordained and licensed commissioned ministers, who are voting members as provided in paragraph 38c39c.

15. Congregations may submit items of business for consideration by the General Assembly by filing such items with the General Board through the Office of the General Minister and President at least 180 days in advance of a meeting of the General Assembly. Congregations will receive from the Office of the General Minister and President notification of a General Assembly meeting and a copy of all items of business to be considered by the General Assembly at least 60 days in advance.

16. Congregations are represented in their Regional Assemblies according to the provisions of the corporate documents and organization of their respective regions.

17. Congregations and individuals exercise their rights and responsibilities by participating through their voting representatives in the General and Regional Assemblies, of which they are a part. In the fulfillment of their ministries, congregations are encouraged to hold in high regard the actions, decisions, and recommendations of these Assemblies, expressing in love any dissent from such actions or positions. Where other procedures have not been provided by the General Assembly or General Board, matters of grievance and appeal may be referred by congregations and individual members through the Office of General Minister and President to the Administrative Executive Committee of the General Board, as provided in paragraph 6662e.

REGIONAL MINISTRIES

18. The Christian Church (Disciples of Christ) also expresses itself in geographic ministries called regions. The following principles shall guide the Christian Church (Disciples of Christ) in the development of its regions.

NATURE AND PURPOSE

19. The primary nature of regions is drawn from the Acts of the Apostles in Paul’s desire to nurture, support, and engage congregations as unique entities and as gatherings of congregations related to one another in their mission. Regions should embody the character of the ministry to which Christ calls His people in their mutual commitment to Him and to one another.

20. The primary purpose of the Christian Church (Disciples of Christ) in regions is twofold:

1) to extend the ministry of Christ in mission, teaching, witness, and service among the people and social structures of the region; and

2) to establish, receive, and nurture congregations in the region, providing help, counsel, and pastoral care to members, ministers, and congregations in their mutual relationships, and relating them to the worldwide mission and witness of the whole church.
MEMBERSHIP AND PARTICIPATION

21. As a member of the whole Body of Christ, every person who is or shall become a member of a recognized congregation of the Christian Church (Disciples of Christ) thereby holds membership in the region in which that congregation is located.

FUNCTION

22. Regions of the Christian Church (Disciples of Christ) perform within their established boundaries the function of the church related to their two-fold purpose of mission and nurture:

23. **Mission.** In fulfilling the mission of the church, regions are sensitive to the needs of the world about them and lead their members in identifying and serving such human needs. Regions take initiative in developing new forms of ministries in mission, witness, and service, and in dealing creatively with their roles in the whole task of the church. Wherever ecumenical action is possible to fulfill their mission, regions should join with similar geographic units of other religious bodies and with present and emerging ecumenical structures.

24. **Nurture.** Regions are concerned for the continuing renewal of the life of congregations, members, and ministers, and offer leadership in matters of mutual concern. Within policies developed by the General Assembly, regions provide help, counsel, and pastoral care to ministers and congregations in such matters as standing and credentialing of ministers, ministerial search and call, ordination, licensing, commissioning, establishment and dissolution of pastoral relationships, and installations of ministers. Regions seek to supply ministry for congregations without full-time pastoral services and to offer counsel and assistance in cases of difficulties between ministers and congregations.

25. As an integral part of the whole church, regions witness to the unity of the Christian Church (Disciples of Christ) by calling congregations to an awareness of their opportunities and responsibilities beyond local concerns. They also help to relate congregations to the total ministry of the whole church including working for reconciliation across racial and ethnic lines. By calling the general expression of the church to an awareness of the needs both of congregations and of regions, the regions help to relate the general expression to the life and work of congregations.

26. Governing and enabling documents of regions shall be in harmony with this *Design*. Updated copies should be filed with the Office of General Minister and President.

SHAPE AND BOUNDARIES

27. Identifiable geographic, cultural, sociological, and political factors provide boundaries, which the church may use to establish its own regional structures:

(1) by which the church carries out regionally its ministry of mission and nurture;
(2) in which congregations and ministers find their primary relationships of mutual support and encouragement;
(3) which provide opportunities for regional fellowship, worship, and assembly for the consideration of matters of mutual concern; and
(4) which help to relate the three expressions of the church — congregational, regional, and general — to one another in the functioning of the whole church.
Regions may vary in size and shape. It is recognized that, in response to the changing
imperatives of mission and the conditions of human life, new expressions of the church may
emerge in the process of developing the shape and boundaries of the regions of the Christian
Church (Disciples of Christ).

28. The General Board shall provide procedures for the continuing modification of the shape
and boundaries of existing regions of the Christian Church (Disciples of Christ) in keeping with
the principles set forth in this Design.

29. In the development of any new regional boundaries, existing regional organizations shall
remain intact, subject to modification by mutual consent of the regions involved, in the light of
the corporate judgment of the Christian Church (Disciples of Christ) as expressed through the
General Assembly Board. The process of reshaping regional boundaries (even if only one
congregation is affected) includes the participation and approval of the parties involved, the
Administrative Committee, and the General Board, and the General Assembly.

STRUCTURE AND STAFF

30. Regions develop their particular structures and organization for the most effective
fulfillment of their ministry and mission. Regions may establish or recognize area or district
organizations within their boundaries. Regions secure or retain their own governing documents
and formulate their declarations of covenantal relationship, consistent with the principles of this
Design. With due regard for the welfare of the other expressions of the church as a whole,
regions exercise rights and responsibilities as they share creatively in the total mission of
witness and service. Regions own and manage their property, determine their budgets, and
administer regional finances within the limits of resources available. Through their Assemblies,
regions provide for worship, for the education of their members, for fellowship, and for the
transaction of business by voting representatives from the congregations.

31. Regions call regional ministers as their spiritual and administrative leaders serving as
the chief executive officers of the regions. Each region develops stated processes for
nominating and electing its regional minister, including procedures for seeking counsel from the
Office of the General Minister and President of the Christian Church (Disciples of Christ).
Regions are encouraged to use current Disciples search processes and safeguards, as
established by the General Board so that all qualified ministers might be considered. Regions
employ other regional staff as required to meet their responsibilities in mission and nurture and
so the whole church’s commitment to be a pro-reconciling/anti-racism body can be fully honored
in each region.

32. Regions are represented in the General Assembly as provided in paragraph 3839b.
Regions may submit items of business for consideration by the General Assembly, filing such
items with the General Board through the Office of the General Minister and President at least
180 days in advance of a meeting of the General Assembly. Regions will receive from the Office
of the General Minister and President notification of a General Assembly meeting and a copy of
all items of business to be considered by the General Assembly at least 60 days in advance of
the opening of the Assembly.

33. Regions are responsible for electing members to the General Board as provided in
paragraph 56b: Each region elects from that region one member of the General Board. In
addition, the regional minister shall be a member ex officio, without vote, of the General Board. In the selection of the General Board, as provided in paragraph 56, regions may submit, in consultation with the regional minister. Regional ministers will provide advice and counsel to the General Nominating Committee when the Nominating Committee is selecting names of persons for possible membership on the General Board.

34. In the selection of the General Nominating Committee, as provided in paragraph 7981, regions may submit to the Administrative Executive Committee of the General Board each biennium names of persons for possible membership on the General Nominating Committee.

35. As provided in paragraph 6555, the budgetary procedures for financing the various regions, general ministries, and institutions of higher education shall have regular review and evaluation by the Administrative Committee General Board.

36. Where other procedures have not been provided by the General Assembly or General Board, matters of grievance and appeal may be referred by regions through the General Minister and President to the Administrative Executive Committee of the General Board, as provided in paragraph 6664e.

THE GENERAL ASSEMBLY

37. The general representative covenantal body of the Christian Church (Disciples of Christ) shall be the General Assembly. In all of its worship, deliberation, and ministries, the General Assembly shall seek to manifest the wholeness and unity of the Christian Church (Disciples of Christ) within the one Body of Christ.

NATURE AND PURPOSE

38. The General Assembly, whenever and however it meets, shall gather for worship, education, dialogue, relationship building and when necessary, the transaction of business. The General Assembly is in perpetual existence and can hold meetings digitally and in-person.

MEMBERSHIP AND PARTICIPATION

3839. All members of the Christian Church (Disciples of Christ) who register for the General Assembly shall have all privileges of the Assembly, except that voting privileges shall be limited to the following:

a. Voting representatives from congregations. Each congregation of the Christian Church (Disciples of Christ) shall be entitled to have two voting representatives, plus one additional voting representative for each 100 participating members, or major fraction thereof, over the first 100. These voting representatives from congregations shall be in addition to persons holding standing in the Order of Ministry.

b. Voting representatives from regions. Each region shall be entitled to have a minimum of three voting representatives, for the first 1,000 members, as stated in the most recent Yearbook. In addition, each region may have an additional representative for each 1,000 participating members, or major fraction thereof, within the region. These voting representatives from regions shall be in addition to persons holding standing in the
Order of Ministry. The voting representatives from each region shall include women and men, persons of varied racial or ethnic backgrounds, young adults ages 18 to 30, and youth under the age of 18.

c. Ministers. Persons holding standing in the Order of Ministry in the Christian Church (Disciples of Christ), in accordance with the policies and criteria established by the General Assembly through its General Commission on Ministry.

d. Exceptions. Members of the Christian Church (Disciples of Christ) not otherwise voting members, who are the chief administrative officers of institutions of higher education and general ministries that are recognized by the General Assembly; members of the General Board not otherwise voting members; and former Moderators and Vice Moderators not otherwise voting members.

Voting members of the General Assembly, who are representatives from congregations and regions, shall serve from the beginning of one General Assembly to the beginning of the next General Assembly a three-year term with one representative being selected by the congregation and/or region each year. Terms begin January 1st of each year. No person shall have more than one vote in the General Assembly, and no person shall vote in absentia or by proxy. Congregations and regions may name alternates to replace voting representatives provided for by paragraphs 38(a) and 39(b) who are unable to attend.

Members of churches ecumenically or historically related to the Christian Church (Disciples of Christ), upon invitation of the Chair, may have the privileges of the floor of the General Assembly, except the vote.

GENERAL ASSEMBLY MEETINGS

The General Assembly shall: plan and conduct Assembly programs for worship; provide education of its members; engage in dialogue, formation, discernment and prayer on matters of social witness and other matters deemed essential to the witness and ministry of the Christian Church (Disciples of Christ); and transaction of business; receive and act upon proposed policy and program, reports and resolutions, and other items of business duly referred to it as hereinafter provided; The business agenda for the in-person Assembly held every three years will include: election of officers of the Christian Church (Disciples of Christ); election of the General Board members; election of the General Nominating Committee; and operational, policy and/or organizational business forwarded by the General Board for action including but not limited to the following: for which it is responsible; make provision and approve procedures for the financial support of the Christian Church (Disciples of Christ), including its regions, general ministries, and institutions of higher education; be a place of accountability for the church’s work toward racial justice and inclusion; determine the basis of cooperative relationships of the Christian Church (Disciples of Christ) with other religious bodies, organizations, and agencies; being responsible for authorizing unity and union conversations, consultations, and negotiations with other Christian communions; and maintain appropriate national ecumenical relationships in both Canada and the United States.

The Christian Church (Disciples of Christ) in Canada, which is related to the General Assembly both through congrgations and through the All-Canada Committee, shall be responsible for matters pertaining to the ecumenical and Christian unity concerns of national
bodies in Canada, and may take the initiative in relating itself to any and all Canadian and world ecumenical bodies.

Regular meetings of the General Assembly shall be held every second year at a time and place to be fixed by the General Assembly upon recommendation of the General Board. The General Board shall maintain an appropriate process for making such a recommendation. Under extraordinary circumstances the General Board may call special meetings of the General Assembly. The General Assembly will meet at least one time every calendar year. These meetings will be held digitally. Every third year a meeting will be held in-person.
